

BAFFLE BALL

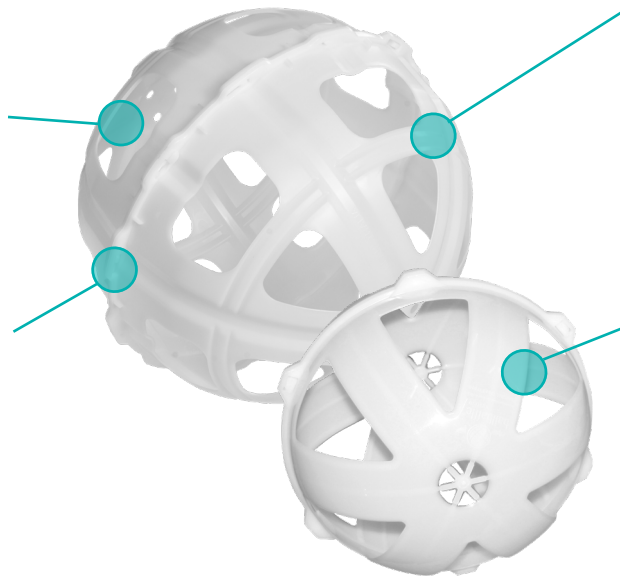

DESIGNED BETTER. BUILT STRONGER. LASTS LONGER.

SURGE-STOP™ TECHNOLOGY

The smart but robust shape will turn liquid slosh into a solid load. Reduce wear and tear on brakes and axels. Increase vehicle stability while turning corners.

MAX-STRENGTH™ CONSTRUCTION

Built from high impact polypropylene material for extreme durability inside brutal tank conditions.

QUICK-CLIP™ INSTALLATION

Manufactured in 2 matching halves, these balls are assembled together with a sturdy click & turn motion for permanent attachment.

FOOD-GRADE MATERIAL

Keep sensitive liquid pure and safe during transit.

PRODUCT CODE	DIAMETER	MATERIAL	WEIGHT	AMOUNT NEEDED / 100 GALLON
AVB195	7.5"	Polyethylene	0.25	50
ABV355	14"	Polyethylene	0.08	10
