INTRODUCTION

Congratulations! You now own a Camion™ sprayer. Durable design and construction assure you a lifetime of extreme performance. No sprayer is tougher. No sprayer will last longer.

Take a look through this owner's manual to learn how the pros use their Camion™ sprayer.

WARNINGS A

- 1. Do not exceed vehicle manufacturers loading, towing or lifting specifications and regulations.
- 2. Ensure tank is firmly secured in an appropriate manner.
- 3. Use caution at all times, particularly when driving on rough terrain.
- 4. Comply with chemical manufacturers safety requirements and all relevant legislations.
- 5. ALWAYS keep tank tightly covered, to prevent children or animals from entering tank.
- 6. Tank is not fire resistant. NEVER expose it to open flame or heat.
- Keep sharp objects from tank. Tank could be punctured and contents could escape and cause injury to persons or property.
- This tank can be used only with polyethylene compatible liquids. If you are uncertain, ask chemical supplier if material can safely be stored in a polyethylene tank. USE OF TANK WITH ANY OTHER MATERIAL COULD CAUSE TANK TO FAIL, RESULTING IN INJURY OR PROPERTY DAMAGE.
- 9. DO NOT MIX CHEMICALS. THIS CAN RESULT IN DAMAGE TO THE TANK OR NEARBY PERSONS OR PROPERTY.
- 10. Clean out tank before changing chemicals OTHERWISE A DANGEROUS MIXTURE OF CHEMICALS COULD CAUSE DAMAGE TO PERSONS, TANK OR PROPERTY.
- 11. Regular service and maintenance is the Owner's responsibility and is a condition of your warranty.
- 12. FAILURE TO COMPLY WITH ALL WARNINGS AND INSTALLATION INSTRUCTIONS WILL VOID WARRANTY.

- 13. No modifications and/or alterations may be made to this sprayer. Any such modifications not only void the sprayer warranty but can make the unit dangerous to anyone operating the pump.
- 14. Always inspect hoses and piping to avoid burst injuries.
- 15. DO NOT turn suction valve off while pump is running. NEVER RUN PUMP DRY.

COMPATIBLE LIQUIDS

Calcium Chloride Brine, Salt Brine and Premium Branded Liquids.

▲ Caution: Brine that contain tacky substances or solid particles may clog pumps and nozzles. These are not recommended.

▲ Warning: DO NOT USE any products that contain petroleum or petroleum by-products of any kind. These destroy seals and will void warranty.

Setting Up Your Sprayer

1) The two openings at the front of the frame allow you to move the unit using fork points.

2) When loading your sprayer, we recommend you place blocking between your sprayer and the front of the bed of your truck.

3) On the Ice Master® T-Series, there are tie-down points on the side of the frame that allow you to strap the unit down.

4) Screw the hose reel handle into place.

Setting Up Your Sprayer

5) Insert the receiver bracket into the truck receiver hitch and secure with lock pin.

6) Take the three hoses from the boom and connect them to the control valves using the camlock system.

7) If you purchased a unit with our high flow electric Ecomax® pump option, you will need to hook up the ring terminals on the wire harness to your battery and route the wire harness back to the electric motor.

8) Plug in the gray connector from wire harness to the matching gray connector on wire harness coming off motor.

Setting Up Your Sprayer

9) If you purchased a hydraulic unit, hook up your desired hydraulic hoses to the side ports on the hydraulic pump. This pump requires 13 GPM oil flow.

10) If you have a gas powered unit, fill the fuel tank on the engine with regular gasoline.

11) If you have a gas powered unit you will also need to remove the oil cap and fill the engine with 0.61 US quarts of 10W-30 engine oil.

12) If you have a gas powered unit, you will need to install a battery into the provided battery box and connect your positive and negative cables to the correct terminals.

Hooking Up Standard Controls

1) If your applicator does not have a GPS flow control option, you will need to connect the standard control wire harness to the 3 electric valves that will control your left, center, and right boom sections.

2) Then, connect the in cab control box to the 12V power outlet in your cab.

Hooking Up GPS Flow Control

1) Hook up Storm Commander® control box arm to back of controller and install controller mount into the cupholder of the vehicle cab.

2) Plug in your 12v outlet plug in vehicle cab to power up your Storm Commander[®].

3) To power up the receiver box at the back of unit, plug the power cable into the 7 pin plug on back of truck.

Refer to the Storm Commander® wireless controller "Getting Started" instructions.

Operating Your Sprayer

1) You will need to prime the pump before using it. Start by filling the tank at least a quarter full of water.

2) Then open the suction valve between the tank and the pump.

3) Place the 3-way valve in recirculation position to allow liquid to recirculate back to the tank. If your applicator is GPS flow controlled, you will need to manually open the electric flow control valve using your Storm Commander® controller (refer to your Storm Commander® "Operating" instructions).

Important Tip:

If you have the unit with the hydraulic pump, it will prime automatically.

Operating Your Sprayer

4) If your applicator has the gas engine driven pump, open the top cap of the pump, and fill the pump with water. Before starting the engine make sure both the drain plug and prime plug are tightened securely to properly hold the sealing O-rings in place.

5) If your applicator has the gas engine driven pump, start the engine, and increase the RPM's, and check that water is recirculating back to the tank. Your pump should now be primed.

6) If your applicator has the high flow electric Ecomax® pump, power it on and close the 3-way valve on top of your pump for approximately 20 secs to build pressure. Then slowly re-open the valve and the pump should prime. If it does not prime, check that your tank is at least 1/4 full and repeat this step.

- **7)** Once the pump is primed, make sure your 3-way valve is in the correct operating position.
- a. GPS flow controlled open position (picture shown in recirculation position).
- b. Non-GPS closed position.

Operating Your Sprayer

8) To fill the applicator, close the suction valve between the tank and the pump (picture shown in open position).

9) Make sure the 3-way valve on top of pump is in recirculation position, then connect storage source hose to your applicator and open the external fill valve.

Important Tip:

When filling from an external source with an electric pump, make sure the liquid level in your storage reservoir is level to (or higher than) your pump.

10) If your applicator has the Storm Commander® GPS flow control option, you will need to open the electric flow control valve from your in-cab controller. (Ref. the Storm Commander® "Getting Started" instructions.)

Operating Hand Gun

1) To use the spray gun, ensure the 3-way valve on top of pump is in closed position and hose reel shutoff valve is in the open position (3-way valve shown in recirculation position).

Important Tip:

If you are using your hand wand for extended periods of time, it is best to leave the 3-way valve, on top of pump, slightly open to allow liquid to recirculate through the pump even when the hand gun is not in use.

Pumping Liquid out of Applicator

1) To drain your tank using the pump on the applicator, hook up hose from storage to the discharge port on the top of your pump and open the suction valve.

2) Power applicator pump on and move the 3-way valve on top of pump in the discharge position (picture shown in recirculation position).

Operating Your Sprayer

14) If you purchased the optional storage stand, you can attach the legs with the supplied pins.

15) If you purchased the optional self-loading leg stand, adjust legs to desired height.

CALIBRATING

Note: Always double check your application rates. The rate/acre listed is only based off the center section (not the two side nozzles)

NOZZLE COLOR	PSI	CAPACITY ONE NOZZLE IN GPM	4 M H	9 MPH	8 MPH	10 MPH

GPM = Gallons Per Minute

GPA = Gallons Per Acre

GAL/1000 FT = Gallons Per 1000 Square Feet

W = Nozzle spacing

Gallons Per Minute Formula:

GPA x MPH x W (per nozzle)

5,940

Gallons Per Minute Formula:

GAL/1000FT x MPH x W (per nozzle)

136

Gallons Per Acre Formula:

5,940 x GPM (per nozzle)

MPH x W

Gallons Per 1000 Square Feet:

136 X GPM (per nozzle)

MPH x W

Convert Acres to Lane Mile:

1.4545 = 1 Lane Mile

Note: For video instructions on how to calibrate a boom visit http://bit.ly/IMS-boom-calibration

MAINTAINING

Keeping your sprayer in good condition will help you lengthen the life of the sprayer. Everyone knows a well maintained piece of equipment ensures a longer life span. Sprayer maintenance can seem a huge task if you don't have the right tools.

11	CFPS02M02B	1/2 MNPT x 1/2 Hose Barb	1
12	CLUESB020002	1/2 EPDM HOSE - 50"	1
13	AZKH0018	Lock for Small Hose Reel	1
14	AZKH0003SS	3ASRO3B HR FRAME 304 SS	1

LIGHT KIT

ITEM NO.	Part #	DESCRIPTION	QTY.
1	AZKF0020	3 bank electric valve light bracket	1
2	CEWCIM05	Light Wire Harness IMS	1
3	CHNSN903	10-32 18-8 SS LOCKNUT	2
4	CHMS900213	10-32 - 1/2 Pan head screw	2
5	CHNSN0223	5-16 SS Nyloc Nut	2
6	CHWSF023	5/16" SS Flat Washer	4
7	CHB\$020323	5-16 x .75 SS Bolt	2

ADJUSTABLE RECEIVER HITCH

ITEM NO.	Part #	DESCRIPTION	QTY.
1	AZKI017	Adj Rec hitch U - Bracket	1
2	AZKI018	Adj Rec Hitch Tube	1
3	CHBS030523	3-8" x 1" SS Hex Bolt	4
4	CHWSF033	3/8 SS Flat washer	8
5	CHWSL033	3/8" SS Lock Washer	4
6	CHNSN0323	3/8" SS Nylock Nut	2
7	CHBS031523	3/8-16 X 3-1/2 SS ALL THREAD BOLTS	2

- 1. Attach item #1 to the back of boom shroud using qty four item #'s 3, 5, & 4. (there is a weld nut on the inside of the shroud to fasten into)
- 2. Attach item #2 into item #1 in your desired height setting using item #'s 7, 4, & 6. Tighten up bolts securely.

ADJUSTABLE BOOM BRACKET

ITEM NO.	Part #	DESCRIPTION	QTY.
1	AZKB0005SS	23.75" Stainless Steel Adj. Boom Bracket	2
2	CHNSN0323	3/8" SS Nylock Nut	4
3	CHWSF033	3/8" SS Flat Washer	8
4	CHBS030523	3-8" x 1" SS Hex Bolt	4
5	CHWNR03	Self retaining washer for 3/8 and M9	4

24" FOLDING BOOM BRACKET

ITEM NO.	Part #	DESCRIPTION	QTY.
1	CSLC461	Cross Support for Folding Boom tubes	1
2	CSLC462	Adj Folding Boom Fstng Bracket	2
3	AZKB0005SS	23.75" Stainless Steel Adj. Boom Bracket	2
4	CHBS051123	2.5 IN x .5 IN Stainless bolt	2
5	CHBS030523	3-8" x 1" SS Hex Bolt	8
6	CHNSN0323	3/8" SS Nylock Nut	8
7	CHC\$0509618	Clevis Pin .5 IN Dia x 2 IN Length Stainless	2
8	CHCZ0009	3-32 x 1 IN cotter pin Stainless	2
9	CHNSN0533	1/2" Nylock Nut 304 \$\$	2

38" FOLDING BOOM BRACKET

ITEM NO.	Part #	DESCRIPTION	QTY.
1	CSLC461	Cross Support for Folding Boom tubes	1
2	CSLC462	Adj Folding Boom Fstng Bracket	2
3	AZKB0006SS	38 Adjustable Boom Bracket	2
4	CHBS051123	2.5 IN x .5 IN Stainless bolt	2
5	CHBS030523	3-8" x 1" SS Hex Bolt	8
6	CHNSN0323	3/8" SS Nylock Nut	8
7	CHCS0509618	Clevis Pin .5 IN Dia x 2 IN Length Stainless	2
8	CHNSN0533	1/2" Nylock Nut 304 SS	2
9	CHCZ0009	3-32 x 1 IN cotter pin Stainless	2

STORAGE STAND

ITEM NO.	Part #	DESCRIPTION	QTY.
1	AZKI001	IMS Leg Stand Sleeve	4
2	AZKI002	IMS Leg Stand Leg	4
3	CV722HP	5/8 x 3 Bent Hitch Pin	4
4	CHAS050723	1/2" x 1-1/2" Stainless Hex Bolt All Thread	16
5	CHNSN0533	1/2 Nylock Nut 304 SS	16

SELF-LOADING LEGSTAND

ITEM NO.	Part #	DESCRIPTION	QTY.
1	AZKI003	Front Leg Bracket	2
2	AZKI004	Front upper leg	2
3	AZKI005	Rear Bracket	1

WARRANTY

CAMION® LIMITED WARRANTY:

Camion®, a division of Enduraplas, LLC ("Camion®") agrees to provide this non-transferable, non-assignable limited warranty ("Limited Warranty") to the original end-user purchaser ("Buyer") only of registered Camion® products ("Camion® Products") pursuant to the terms and conditions provided herein. By accepting delivery of Camion® Products the Buyer likewise agrees to the written terms and contiditions of this Limited Warranty. This Limited Warranty give the Buyer specific legal rights and the Buyer may have other rights that vary from state to state.

A. LIMITED WARRANTY COVERAGE

Camion® Products Complete Product Limited Warranty - Subject to the terms and conditions of this Limited Warranty, Camion® warrants to the Buyer of Camion® Products that it will be free from defects in workmanship for a period of one (1) Year after the date of the original purchase. At it's sole option, Camion® will repair or replace defective parts at no charge for parts and labor.

Camion® Products Proprietary Parts and Frames Limited Warranty - Notwithstanding the foregoing and subject to the terms and conditions of this Limited Warranty, Camion® warrants to the Buyer of Camion® Products that the parts and frames will be free from material defects in materials and workmanship for a period of one (1) Year after the date of original purchase. At its sole option, Camion® will repair or replace defective parts at no charge for parts, but labor shall be the responsibility of the Buyer.

Third Party Parts and Components - This Limited Warranty does not cover certain third party manufactured parts and components, as such parts and components are covered by separate limited warranties provided by such third party manufacturers. For information regarding said limited warranties, please see each individual third party limited warranty.

Camion® Products Polyethylene Tank Limited Warranty - This Limited Warranty does not cover Camion® Products Polyethylene Tanks(s), as such materials are covered by a separate limited warranty provided by Enduraplas®, LLC. For Information regarding said limited warranty, please see the Enduraplas® Limited Warranty.

B. WHAT THIS LIMITED WARRANTY DOES NOT COVER

Camion® does not provide any warranty coverage, not have any liability or responsibility for any defects, costs, expenses, or damages relating to any of the following:

- Expendable parts, such as nuts, bolts, etc. or any parts not furnished by Camion® or any damage caused by such parts.
- Airborne chemicals, road debris, salt, hail, floods, fire, windstorms, lightning or other acts of nature and other environmental conditions.
- Water contamination.
- Any part or product installed, repaired, or altered by anyone other than a Camion[®] Products authorized dealer or any damage caused by such parts or products.
- · Normal maintenance services.
- Incidental or consequential damages, including but not limited to inconvenience, transportation, person injury, loss of property or loss of revenue.
- Parts or products that have been subject to abuse, negligence, accident, theft, tampering, misuse, neglect, corrosion, mishandling, improper maintenance, lack of or improper maintenance, care or storage.

WARRANTY

Installation of Camion® Products to a vehicle, including modification of Camion® Products or any such vehicle, is entirely at the Buyer's risk and expense, and compliance with motor vehicle regulations is the responsibility of the Buyer. Camion® is not responsible for any damage whatsoever to vehicles caused by installation or use of Camion® Products equipment.

Camion® Products are not intended for personal, family or household use and, as such, this Limited Warranty does not cover such use.

C. OTHER WARRANTIES DISCLAIMED AND EXCLUDED

THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, WHICH EXTEND BEYOND THE LIMITED WARRANTY HEREIN STATED, AND EXCEPT TO THE EXTENT PROHIBITED BY APPICABLE LAW, CAMION® EXPRESSLY DISCLAIMS AND EXCLUDES ANY AND ALL OTHER WARRANTIES INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE, INFRINGEMENT, CUSTOM OR USAGE OF TRADE, AND COURSE OF DEALING, NO AGENT, EMPLOYEE OR REPRESENTATIVE OF CAMION HAS AUTHORITY TO BIND CAMION® TO ANY REPRESENTATION OR WARRANTY EXCEPT AS STATED IN THIS LIMITED WARRANTY.

D. PROCEDURE FOR OBTAINING WARRANTY COVERAGE

To submit a Limited Warranty claim, the Buyer must notify Camion® of the claimed defect within ten (10) days that the defect becomes known, in writing, at: cs@camionsystems.com. The original invoice or other similar proof of purchase of the applicable product or part must be provided by the Buyer to Camion® when making a claim under this Limited Warranty. Warranty claims must be received in writing by Camion® within the Limited Warranty period. To obtain service persuant to this Limited Warranty, the Buyer must return the defective product or part to any Camion® Products authorized dealer (preferably, the dealer from whom the product or part was purchased). The Buyer shall be responsible for all transportation expenses to and from said dealer and accepts all risk of any damage in transit. To locate the nearest Camion® Products authorized dealer, please see the dealer locator at www.camionsystems.com.

The Limited Warranty is given solely to the Buyer and may not be transferred or assigned to any other person.

If you have questions about this Limited Warranty, contact Camion® at: cs@camionsystems.com.

E. GOVERNING LAW

This Limited Warranty will be governed by the laws of the State of North Dakota, without giving effect to any choice of law rule that would cause the application of the laws to any other jurisdiction. Any disputes regarding matters relating to the Limited Warranty will be resolved exclusively in the State of North Dakota and all parties consent to such jurisdiction. RIGHTS TO A JURY TRIAL, CLASS ACTION AND CONSOLIDATED DISPUTE RESOLUTIONS PROCEEDINGS ARE HEREBY WAIVED TO THE FURTHEST EXTENT PERMITTED BY LAW.

F. DISCLAIMER OF EXPENSES AND DAMAGES

The performance of necessary repairs and replacements, as determined by Camion® in its descretion, is the sole and exclusive remedy under this Limited Warranty or any implied warranty. Camion® does not authorize any person, including Camion® Products authorized dealers, to create for it any other obligation or liability in connection with Camion® Products. Except to the extent prohibited by applicable law, Camion® shall not be liable for personal injury, property damage, loss of liquid, loss of profit, incidental, consequential, contingent or special damages, or any other damages resulting from the use of, or inability to use, Camion® products whether based on breach of this written Limited Warranty or any implied, breach of contract, negligence or strict liability.
